

Small Gully produces wines of a distinctive bold and intense Barossa style with great expression of fruit character which reflects the region and meticulous vineyard management. We offer four series of wines, ranging from entry to super premium level, namely: Mr. Black's Little Book, The Formula, Mr. Black's Concoction and our Reserve Collection including our flagship wine, Black Magic. Our intriguing labels are often another talking point, the brainchild of Stephen who has a background in pharmaceuticals.

Mr. Black's Little Book

Little Book Cabernet 2011

Aromas of spice interlaced with herbaceous notes lead into a warm soft palate with depth and structure. A well balanced cabernet. Drinking at its best now and a perfect BBQ session wine.

Little Book Shiraz 2017

Red and black berry notes with underlying black pepper, smoked bacon, and hints of tar and star anise. Medium to full-bodied with well-rounded tannins and a fresh line of acidity. Well-structured with great length.

The Formula

The Formula Cabernet/Shiraz 2013

Sourced from Cabernet Sauvignon and Barossa Valley Shiraz, the blend produces a well-balanced and full flavoured wine. Herbaceous cabernet notes together with dark fruity Shiraz characteristics complement each other producing a blend with elegance and poise.

The Formula Robert's Shiraz 2017

A big full flavoured Shiraz produced from 50+ year old vines grown at Robert's vineyard on the Adelaide Plains. Well balanced and textured, this wine shows savoury notes of tar, leather and spice intermingled with chocolate and raisins. Soft persistent tannins and excellent length.

Mr. Black's Concoction

Mr. Black's Concoction GSM 2013

The Grenache component of this wine offers intense red berries and candied fruit aromas and flavours. Mataro brings balanced structure, which is enhanced and lengthened with some smooth tannins from the Shiraz. Vibrant acidity ties all three varieties together. A beautiful example of Barossa Valley GSM.

Mr. Black's Concoction Shiraz/Viognier 2013

After whole bunch pressing Viognier to make a white wine, the skins are collected and added to a specially chosen batch of Shiraz. The grapes coferment creating a seamlessness between the varieties. Dark berries and plums are intertwined with soft notes of peaches and apricots. Vibrant, balanced and textured. Offers great length and complexity.

Mr. Black's Concoction Shiraz 2014

Low yielding Shiraz from our estate grown vineyards on the famous Roennfeldt Road, Marananga. Lifted aromas of licorice, chocolate, dark plums, and blackberries. Smooth tannin and balanced acidity lend themselves elegantly to the lingering black fruit and spice of this wine.

Small Gully Wines Reserve Collection

The Pilgrim Shiraz 2012

Produced from 20-30 year old Shiraz vines from the Zimmermann vineyards. Lifted dark berries, spice, leather and chocolate aromas flow through to a full palate with great length. A well balanced, and structured wine. Gentle fine-grained tannin provides the Pilgrim with a lingering soft finish. Double Gold Medal Winner at the Melbourne International Wine Show.

Black Magic Shiraz 2015

The fruit for our flagship wine is a blend of Shiraz grapes from a vineyard in the far north of the Barossa and Darren's property at Marananga. These two vineyards always produce the most balanced fruit that we see at Small Gully. Showing depth and complexity this Shiraz is rich and fruity with generous length. The grapes need very little attention during fermentation apart from temperature control and pump over's. An extremely well balanced and fruit driven wine which is further enhanced by extended storage in new French oak. Let it breathe and inhale and ingest the evolution of aromas and flavours as it awakens.

Museum Release Wines

The Formula Chill Me Red Fred Malbec 2009

Malbec cuttings were grafted to well established Semillon vines. The Semillon root system produced vigorous growth in the grafted Malbec, producing a lighter styled wine more suited to a rose style rather than a full bodied red. The wine is light in colour but fragrant, with strawberry, raspberry and dried herbs on the nose and a light mint finish. Developing beautifully with its time in the Museum. Becoming more fragrant and complex with age, a rare opportunity to see an aged rose style wine.

The Formula Harmony Chardonnay 2009

Whole bunch pressed with a 14 day cold ferment in stainless steel. Partial secondary ferment in new French oak with some lees stirring. Fragrances of lemon, pear and orange blossom, with some developing nutty notes. Gentle phenolics and a clean line of acidity compliment the lengthy fresh citrus flavours. Aging gracefully.
